Education

Suman Ramesh Tulsiani Technical Campus

Jun 2021 – May 2025

Bachelor of Computer Engineering — Computer Science and Engineering

Khamshet, Pune

- Graduated in First Class — **GPA: 7.6**
- Key Courses: Software Engineering Practice, Applied Machine Learning, Operating Systems, Computer Architecture, Data Structures and Algorithms, Intro. to Software Engineering

D.Y. Patil University

Jun 2019 – Mar 2021

High School — Science

Pimpri, Pune

- Score — **79%**
- Key Courses: Subjects: Physics, Chemistry, Mathematics, Information Technology (HTML, CSS, JavaScript)

Work Experience

Blocsys

Jun 2025 – Present

Software Engineer

Nanded City

- Collaborated with a **team of developers** to design and implement **optimized** software solutions.
- Developed **RESTful APIs** and backend services using Express.js and NextJS, implementing the **MVC architecture** for **modular and maintainable** applications.
- Worked with **Relational and NoSQL databases** (MySQL, MongoDB), designing **efficient schema and queries** for large datasets.

Projects

CrowdFunding | *Source Code*

NextJs | Smart Contracts | MongoDB | Prisma | Docker

- Developed a **Web3 crowdfunding platform** enabling organizations to raise funds through proposals, with investors receiving **voting power (vPow)** proportional to their donations
- Implemented **smart contracts** to ensure secure, transparent, and automated management of funds on the blockchain

Tech Innovation Club Social App

NextJs | MongoDB | Prisma | Docker

- Built a **full-stack social networking application** for campus students, fostering a vibrant community
- Designed for accessibility on both the **college's local network** and the internet, enhancing student **connectivity and interaction**

Extra-Curricular Activities

Suman Ramesh Tulsiani Technical Campus | *Instructor*

Oct 2023 – Feb 2024

- Led the **development and maintenance** of the official college website, ensuring timely updates and improved usability
- Organized and hosted multiple **technical events and competitions**, increasing student engagement and participation
- Trained juniors in modern **web technologies and tools** (HTML, CSS, JavaScript, React), fostering a culture of peer learning and mentorship

Kimo.ai Tech Competition

Oct 2023

- Secured **1st Place** among 100+ participants, earning a **prize of 15,000 rupees** for building an innovative web solution

Technical Skills

Languages: Java, SQL, HTML5, CSS, JavaScript, TypeScript

Developer Tools: Postman, Git, Docker

Libraries/Frameworks: NodeJS, ReactJS, NextJS, ExpressJS, LangChain

Database: MySQL, MongoDB
